## MODERN GRACE

The LAV Fame family captures the essence of modern elegance, with different-sized wine glasses and a champagne flute that are as visually appealing as they are functional. The wine glasses, suited for both robust reds and delicate whites, and the sleek flute, great for sparkling wines and prosecco, are designed to enrich your beverage experience. This collection is a monument to the craft of exquisite glassware, expressing the spirit of contemporary elaborateness, and is a must-have for every modern house.

## BLUE MAGIC

For giving bright blue colors to drinks and cocktails with a natural ingredient, butterfly pea flower tea can be a great choice. This tea is made from the petals of the Clitoria Ternatea plant and changes color based on the pH level of the liquid it's added to. It turns bright blue in neutral solutions but can change to purple and pink when mixed with acidic ingredients like lemon or grapefruit juice.

## ORANGE PEEL & WHISKEY

Orange peel is a traditional ingredient in many classic whiskey cocktails, such as the Old Fashioned. These recipes have influenced modern cocktail culture over time. However, there are numerous other reasons for this pairing. The oils in the peel contain citrus and floral notes that complement and enhance the flavors of whiskey. These oils add a fresh, zesty element to the drink, balancing the whiskey's richness and depth. When an orange peel is squeezed or twisted, it contributes to the cocktail's aroma. Finally, the peel's bright color and appealing shape make the glass more inviting.

## ACCIDENTAL FRUIT

Grapefruit is a hybrid citrus fruit that originated in Barbados in the 18th century by the random hybridization of the sweet orange and pomelo. Grapefruit juice is high in nutrients and has numerous health benefits. It is high in fiber, which promotes heart and gut health and aids in weight management. The fruit is high in vitamin C, which is essential for a healthy immune system, and vitamin A, which is good for eye health. Furthermore, grapefruit contains antioxidants such as lycopene, which may aid in the prevention of serious diseases such as cancer. Because of its balanced carbohydrate and fiber content, it can also be consumed by people with diabetes.

### COLOR OF HEALTH

Because of their high concentration of vitamins, minerals, dietary fibers, and bioactive compounds, red fruits and berries such as strawberry, raspberry, cherry, cranberry, pomegranate, red currant, and goji berry provide a variety of health benefits. These fruits are high in vitamins A, C, and E, as well as minerals such as calcium, phosphorus, iron, magnesium, potassium, sodium, manganese, and copper. They are known for their high antioxidant properties, which are derived from vitamins and minerals that remain intact because red fruits are typically consumed fresh. They are a great breakfast alternative prepared quickly with a bowl of yoghurt on busy days, and are ideal for satisfying your post-dinner sweet tooth in a healthy way.

### MEANINGFUL TABLES

Plant materials and flowers have been used to create visually appealing compositions since ancient civilizations such as Egypt, where lotus flowers were placed in vases. Fresh-cut flowers are essential for creating an atmosphere and theme for the setting. They can be used to improve a table's aesthetic appeal, add color and texture, and create a focal point. The choice of flowers, arrangement, and style can all have a significant impact on the overall look and meaning of the table setting. Yellow roses, for example, traditionally represent friendship, joy, and caring, making them an ideal decoration for friend gatherings.

This season's retro 70s style reflects the reassuring feeling of the past. Timeless patterns wink at both the present and the past, bringing a nostalgic positivity to everyday tables with their organic and curved patterns, clear lines, and bold colors with an accent of gold.
